Remarks by the Dy Dir and observations of Govt
2 Cpl

The manager of the School states that the training class closed at the end of December 1908 the grant of Rs 10 will no longer be applied for

The case is not clear

The increase of grant is required since the salaries of the existing masters is to appoint more teachers

The present grant is extremely liberal and the proposed increase with the income of Rs 8 from the other sources, together with the present grant would exceed the total cost

The adjutant states that it is necessary to appoint 2 addl teachers to increase the efficiency of classes in it

The present grant is extremely liberal & no increase can be granted in the absence of further information explaining the real necessity therefor

The manager of the schl states that the masters are all poorly paid and to increase the efficiency of the schl, more pay should be given to them. He requests that the present grant may be raised by Rs 50 a month viz for an increase of Rs 10 a month

the present grant is more than half the total cost No increase can be sanctioned

The Dy Inspector's recommendation

Further information with details should be furnished

A vague requisition like this cannot be any new provision being made in the budget

A grant of Rs 40 is reqd for further development of the institution and this sum will not be utilised unless there is a reference to Govt

Rs 75/- or 4 Rs sufficiently liberal grant Govt is unable to give the increase asked for or recommended

An English lady with proper Edl qualifications is in charge of the schl for salary which may be calculated at Rs 150 a month is not included in the total expenditure shown here It is necessary to strengthen the teaching staff

I am unable to recommend an increase of monthly grant I have written to the President of the schl committee on the subject of improving the management of the schl When costly apparatus is purchased, a lump sum grant may be given

A full report should be made for the orders of Govt

No 3032 3—Ed F 26 96, dated Bangalore, 1st September 1902

ORDER THEREON —The marginally noted three schools have not been recommended by the Inspector General for any increase of grant and no orders are called for regarding them

1 Welligan Mission Boys School at Kadaba
2 Wesleyan Mission Boys School at Hebbur
3. Methodist Episcopal Mission Orphanage Kannada Girls School Kolar

2 The increases of grant proposed for the schools mentioned in Statement A appended, are sanctioned in full subject to the condition if any, mentioned against each

3 The increases of Rs 30 and Rs 15 per mensem proposed respectively for the Wesleyan Mission Girls Boarding School Bangalore and the Church of England Zenana Mission Mahomedan Girls School, Mysore, are too large, and Government are pleased to sanction increases of Rs 15 and Rs 10 respectively for the schools in question

4 The cases of the remaining eight schools mentioned in the Statement B appended cannot be dealt with at present as the information furnished regarding them does not satisfy Government as to the necessity for the increases proposed, as will be seen from the observations made against each A lump sum reserve grant of Rs 500 will, however be provided in the budget with the view of meeting any urgent necessary demands in respect of any aided institutions in the State

5 The total amount sanctioned for the current official year is therefore Rs 1,244, which amount will be included in the budget

6 The recommendations of the Inspector General for the current official year were received late, and yet in no case was full information furnished In future every such case must form the subject of a separate recommendation, supported by full particulars and reasons All sanctions in such cases should be sought and obtained fully three months before the submission of the budget Cases which could not be thus dealt with must lie over till the following year The present practice of clubbing together all such applications and sending them up to Government at the eleventh hour without adequate details leads to considerable inconvenience and should be discontinued
